What is “Yomikaki Kyoushitsu”?
“Yomikaki Kyoushitsu” is a Japanese language class, which has been started to support those who for various reasons have had a limited chance to learn Japanese. Today the class is for everyone, including those from abroad, who struggles with life in Japan due to a language barrier. We provide Japanese language lessons to anyone who wishes to learn the language. Please feel free to join us, and you will also find the class welcoming and a useful place to make friends.

How does it work?
Our Japanese volunteer staffs will guide you through the learning process step by step. Learning Japanese, you can also get to know cultures and traditions of Japan and other countries.

Call or visit us at any center. We will provide you with more detailed information.
